PLENARY, CONCURRENT & INFORMATION SESSIONS

Keynote Speaker – Wednesday April 3rd 1:30 pm

Da Vinci

Carla Gradin

Carla Gradin is a body language trainer, wardrobe stylist and the founder of the Killer Confidence Course. She uses the latest research on human behavior, psychology and relationships to help people lead, interview, network, sell, pitch and date.

From entrepreneurs, to corporate leaders, to public figures, her ability to illustrate the secret superpowers of nonverbal communication in a fun and easy actionable way, has helped thousands of people communicate effortlessly, master their presence, and be the most memorable person in the room.

Plenary Session # 1 – Wednesday April 3rd 3:00 pm

Da Vinci

Mario Chiasson

"Dr. Chiasson has been engaged in the public education for over 25 years as teacher, technology mentor, district technology supervisor, and a researcher.

His research focuses on the design of spaces that influence the learning and the teaching process enabling to the development of 21st century competencies such as computational thinking. Over the years, Mario has helped countless organizations and institutions (schools, districts, ministries, colleges, and universities) in implementing action plan to transform instructional practices. He is a leader in technology innovations and his role and responsibility at Anglophone East School District in Moncton, New Brunswick, Canada includes supporting 38 Schools with a vision aligned with the innovative society. In 2004, Mario completed a Master's Degree in ICT in schools administration and conducted two major research projects on mobile learning. He is also a Microsoft Innovative Educator, a Cisco IT Essential Teacher, an Apple Teacher as well as an Apple Distinguished Educator (ADE). He has been a part of many provincial projects including a 1-to-1 laptop project, Learning Commons, provincial and district collaborative platforms, as well as international collaborative projects.

Plenary Session # 2 – Thursday April 4th 11:00 am

Michelangelo BC

Rhett Sangster

The Office of the Treaty Commissioner is working in Saskatchewan to nurture relationships and inspire action by gathering and supporting “champions for truth and reconciliation”, and by connecting these champions and initiatives through a common vision and method for measuring progress towards truth, reconciliation and a new

Treaty Relationship. Rhett Sangster of the Office of the Treaty Commissioner will discuss this work, and provide examples and ideas of ways that School Divisions are and could further their journey towards truth and reconciliation.

Special Session Federal/Provincial Panel on Tuition Funding Da Vinci

This session is specifically created for the **CFO and any Finance** functional group member that may wish to attend. A panel made up of representatives from the Ministry of Education (Sheldon Ramstead/Josh Kramer, Indigenous Services Canada (Kim Weiss), Saskatoon Tribal Council (Valerie Harper, Director of Education; Shane Henry, Superintendent of Education Governance and Shelley Tootoosis, the Project Manager for the Education Alliance) and possibly a representative of the SSBA Indigenous Constituency . Jamie Lerat from SSBA will facilitate the session.

Each of these individuals will make a short presentation on how they see their organization is planning for the April 2019 changes in the current federal tuition funding model.

Concurrent Sessions – Delegates will have the opportunity to choice from two of three sessions. All three sessions will be offered at 9:00 a.m. & then again at 10:00 a.m.

Concurrent Session # 1 The Community Safety Education Strategy Florence

Speakers Gord Moker & Barb Compton

The Community Safety Education Strategy (CSES) is a comprehensive, provincial framework that sets out a path for providing injury prevention education, resources, and supports for Saskatchewan children and youth in the K-12 education system. The CSES is aimed at school divisions and their employees, with a focus on students in all grade levels, and recognizes the importance of community and industry support, participation, and engagement. Gord Moker, CEO, and Barb Compton, CSES Coordinator, Safe Saskatchewan, will provide an overview of the CSES, its vision of *an injury-free Saskatchewan where safe lifestyles influence how we live, learn, work and play*, and its mission of *empowering Saskatchewan youth to live injury-free*.

Concurrent Session # 2 Building a practical and Sustainable Risk Management Program Venice

Speaker - Mark Aiello, Managing Director, Marsh Canada Limited

Developing an effective risk management program goes well beyond the traditional assessment and prioritization. Many organizations struggle implementing their programs, because they don't look beyond the risk profile. A critical part of the foundation is to create a pragmatic approach that follows the SMART criteria.

This session will explore the reasons why / how risk management programs fail and discuss strategies to build a more practical approach that focuses on action, managing root causes and accountability. Attendees will come out with strategies on how to create a more action-oriented, sustainable risk management program.

Concurrent Session # 3 Delivering Successful Facility Projects

Naples

Speaker – Mike Sazynski

Delivering successful facility projects is risky and demanding – whether a new build, renovation or an addition to existing facility. Our Saskatchewan based team has successfully delivered projects across the province, including new facilities, renovations and site improvements. Furthermore, each project benefitted from our depth of collective project management and construction knowledge in best practices, due diligence, tendering methods, supplementary contract conditions and other instruments. Combined, our expertise helped owners protect themselves from risk *and* maximize benefits throughout each project's path from initiation and design to construction and completion – on time and on budget. During our presentation, we will share tips on how to find the right design team, determine the best project delivery methodology and to procure resources that, combined, increase your certainty of success.

Lunch Hour Vendor Presentations

Vendor presentations will continue again this year, where three vendors will each make a 45-60 minute presentation on what their company have to offer Saskatchewan school divisions.

POWERSCHOOL – AtrieveERP – Roxanne Burton

Venice

We invite you to attend the PowerSchool atrieve vendor session where we will cover:

- Our newest purchasing card program (being provided free to our customers). This can completely replace the purchasing card banking software you utilize.
- Our new journal entry product (being provided free to our customers).
- Advancement in Workflows – What is currently available and how to get the most out of your forms.

MYBUDGETFILE – Tony Olson

Florence

Join us for an *exclusive* preview of an upcoming release, demo of new features, and an overview of how we're building the MyBudgetFile software for the future.

SCHOLANTIS – Drew Carmichael

Naples

Scholantis deliver custom-designed websites and user driven portals designed specifically for K-12. We now work with over 60 districts across Canada and help schools to develop their brand and connect with their community.

Join Scholantis representatives as they present information on SharePoint solutions and consulting services that deliver maximum value for school districts, their educators, students, parents and community. Since 2007, Scholantis has been working with K-12 school districts across Canada delivering websites as enterprise portals & intranets. Scholantis' core philosophy is to build repeatable solutions that minimize cost and reduce implementation times. Scholantis provides; design, development, infrastructure, training and support services to their clients
